Name: Date:

SURFACE AREA OF PRISMS & PYRAMIDS USING NETS.

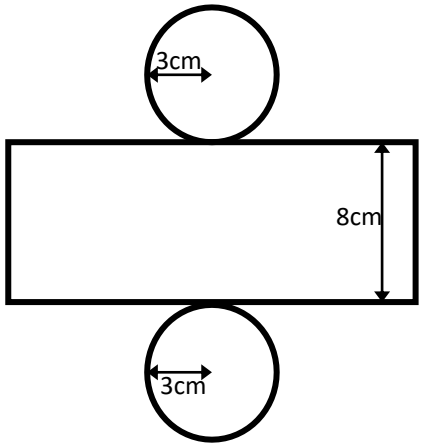
Calculate the total surface area of each figure by calculating the area of each face and adding them all.

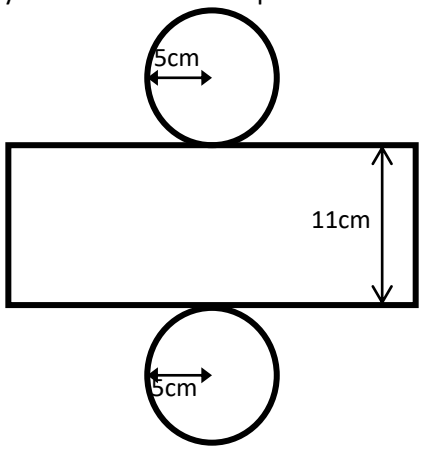
Figure	Net	Calculations
1 Rectangular Prism 		
2 Triangular Prism 		
3 Rectangular Pyramid 		

Name: Date:

Figure	Net	Calculations
4 Triangular Pyramid 		
5 	Draw the Net	
6 	Draw the Net	
7 	Draw the Net	

Use the nets to find the surface area of the cylinders to 1 decimal place:





Area of Top Circle:

Area of Bottom Circle:

Area of Rectangle:

Surface Area of Cylinder:

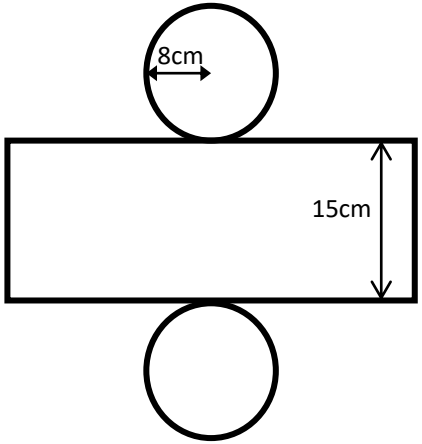
Area of Top Circle:

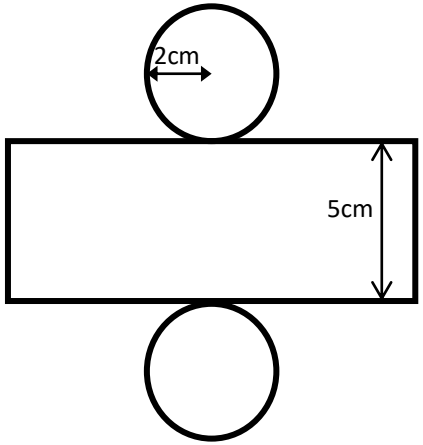
Area of Bottom Circle:

Area of Rectangle:

Surface Area of Cylinder:

Use the nets to find the surface area of the cylinders to 1 decimal place:

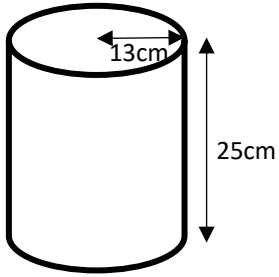


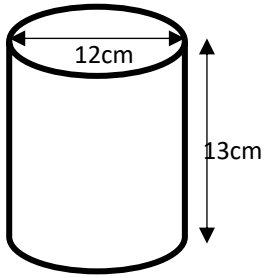


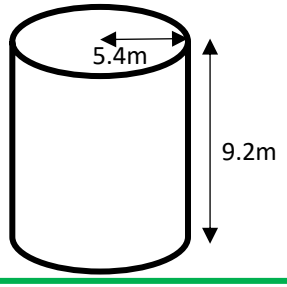
Answer:

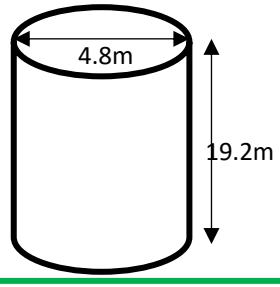
Answer:

Find the surface area of the cylinders to 1 decimal place:

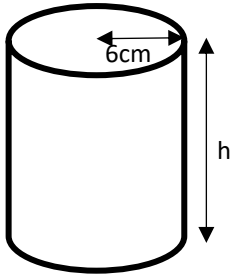




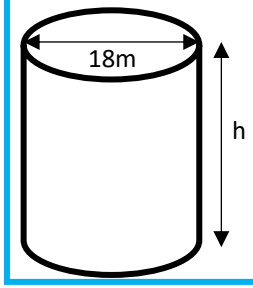




Find the height of the cylinders:



Surface Area = 527.8cm



Surface Area = 558πcm
