As stated in my complaint he laughed on the phone when I disclosed a disability

You did not reference that

You give the Ombudsman's office a bad name

now, I don't much Deacy's fruit and veg cooke's corner, but there's little value in protecting a bad apple

how many resources of the Bosman's office giving me that non-reply to my complaint against a maliciously acting gatekeeper who waited a week to initiate two investigations by the ombudsman and you pedantically specified that he's not the investigator? Was he not the one in charge of beginning the investigation and is that not what it says on his email.

Please excuse typos I'm using speech to text due to my disability

How do I make a complaint against the complaints office of the Ombudsman? you should really let the ombudsman know that you have a malicious actor that hinders valid complaints. I am in an emergency situation. It is still the academic year. I know that you might take some time off during the summer but how dare you gaslight me in your response?

And you signed your response to my complaint as on behalf office Office of the Ombudsman

need to submit a complaint against you now, Siobhan Ní Dhonncha
