this man is a threat to vulnerable students of this campus of sanctuary. My sister is coming back from Erasmus in September. Do your fucking job NUIG security? Did you read the complaint I submitted against you pertaining to you telling Noelle McNamara i wasnt a student in 2023 when I was and in 2019 when you ripped me out of the toilets thinking I was just homeless but was a registered disabled students?

That could cost the university millions oh wait you already do cost them that, and when I contacted you about a drug deal on campus one of you laughed me off the phone and then one of you I met in person said thank you for reporting that.

Whether you like me personally or not? It will be found out when I reported this and how long it took you to investigate morally, the worst thing for you to fucking do is take your own initiative you failed a Chinese student into getting stabbed you failed me in 2019 you failed me in 2023 and you're failing me now I don't give a fuck about myself but my sister is coming back from Erasmus and my other one is finishing her leaving cedt and you will not have this campus in this state for them.

You got how much extra funding and do how little since?

Mise le meas,
