Peptide Society

The EPS condemns the military attack of the Russian Government at Ukraine, which breaches international law and causes a humanitarian catastrophe. Therefore, the membership rights of scientists with affiliation to a Russian and Belorussian organization will be suspended until the aggression has been stopped and the conflict has been solved by diplomacy.

The European Peptide Society is a non-profit association established for the public benefit to promote in Europe and in neighbouring countries the advancement of education and scientific study of the chemistry, biochemistry, biology and pharmacology of peptides.

The EPS publishes, in co-operation with John Wiley & Sons, the Journal of Peptide Science and the EPS Newsletter.

The EPS also organizes the European Peptide Symposium every two years, sponsors local and specialised meetings and workshops, and supports and promotes young scientists with travel grants and dedicated seminars.
